WA HOTELS AND ACCESSIBILITY INFORMATION

Other Accessible Hotels:

Ibis Styles East Perth Hotel, 69 Adelaide Terrace, East Perth.
7099 3402

<https://all.accor.com/hotel/9318/index.en.shtml>

**** This one gets a special mention.** They went above and beyond with their reply. Even sending me floor plans of their accessible rooms!!

As per manager 'Ibis is fully accessible, every area of the hotel is wheelchair compatible. There is also a designated car park at the hotel (subject to a fee and availability). We have a total of 11 accessible rooms. Door widths - Front Door 920mm Bathroom 945mm' (All the other questions I asked about ability to manoeuvre in room, rails, roll in shower were all yes).

TFE Hotels Group manage multiple hotels - a representative emailed me with very good bathroom photos and stated:

'Each hotel's access rooms are different. The standard is that there are rails by the toilet, and rails and fold down seat in the shower area. Easy to enter and exit with a mobile scooter/wheelchair with wide doors and hallways. There is room for a hoist to transport guest around the room if required.

On the websites they list 'easy access' in their features section. So, although their websites may not have much information, they may be worth giving a call.

Our wheelchair accessible rooms have bathrooms with walk-in showers (i.e. no hob) the shower and toilet have handrails for support. Shower chair available on request. Doorways are 780mm wide. The bed base to floor gap is 115mm, (may not be suitable for a hoist).'

9655 2870

<https://www.big4.com.au/caravan-parks/wa/coral-coast/ledge-point-holiday-park>

As per manager 'We have a 2-bedroom chalet, with no steps and fairly flat ground surrounding. There is parking directly beside the room. There is a queen bed in the main bedroom, and 2 single beds in the second bedroom, there is also a pull-out double sofa bed in the lounge room. The kitchen is wheelchair friendly, with low benches, and no cupboard under the sink. Entrance is approx. 1m+ wide (Glass sliding door), interior doors are standard width. (Can a large electric wheelchair turn around in the room?) Not in the bedrooms, but yes in the living areas. (Is there room for a hoist to transfer a person from their wheelchair to the bed?) Not in the bedrooms, but there would be room next to the sofa bed with some minor moving of furniture - which we would be happy to move for them on arrival or before the guest arrives. Bathroom is open plan, has a roll in shower, fold down seat and 1 handrail beside the toilet, and 1 handrail beside the shower chair.'

RAC Exmouth Cape Holiday Park, 3 Truscott Crescent, Exmouth.
9949 1101

<https://parksandresorts.rac.com.au/exmouth/accommodation-and-sites/>

As per email 'Unfortunately we do not have totally accessible cabins but do have some facilities in the park designed to be access friendly. We only have 1 cabin that is at floor level however it does not have an accessible bathroom. We have 3 queen dorm rooms which have wider doors designed for wheelchair access however they are basic rooms with just a queen bed and a set of table and chairs inside with very little spare space for movement. Lastly, we do have a shared accessible toilet available for use by all guests whether camping or staying in a cabin. It is located central to the park so can be variant on distance. It has handrails and no steps/hobs.'
